

KSI Coaching House rules

General rules

- First 10 players will play. You will be put in teams by the coach according to ability to make games competitive
- KSI Coaching staff will be responsible for organising team order in the case we have 20 or more people attending.

Game play rules

Duration of game

- If there are 15 players at a session games will be maximum of 10 mins or up to 11
- If there are 25 players games will be up to 7 with a period of 5 mins.
- There will be no 24 second shot clock rule in play until the last minute of the game. The shot clock will be called by the KSI Coaching coach. This is to prevent a fair advantage for the team who is in front especially in close games.

Extra time

- In the case where a game is tied after scheduled time there will be an additional minute added on and this will be extra time. In this case it will be the first team who scores the basket wins.
- In the case of the time elapsing during extra time and no team scores both teams will come off
- How it is decided who has possession of the ball during extra time is that it will be the team who were on defence before regular time elapsed.
- 24 shot clock rule will apply

Fouls

- Players are expected to call their own fouls or play violations. If player calls a foul regardless of if you perceive the foul to be weak or uncalled for respect the call as time clock will continue.
- In the case where two parties cannot decide who possession the ball is in the final call will be made by the KSI coaching coach.
- No maximum foul count.
